

## Frequently Asked Questions about the Millage Vote

**Q: What is this millage for?**

**A:** The Millage helps Pleasant View SCMCF with daily operational cost, such as providing resident care.

**Q: How does the millage help?**

**A:** Currently, the millage is providing about 16% of the facility's operating budget.

**Q: What is Pleasant View?**

**A:** Pleasant View SCMCF is a 136 bed, county skilled nursing facility and provides employment to approximately 290 people.

**Q: When do we vote?**

**A:** The millage renewal proposition will be on the August 4, 2020 election ballot.

## COMMUNITY MEMBERS SHARE

For as long as I can remember Pleasant View has been a strong addition to our community. Their up-to-date facility and caring staff members are instrumental in aiding those in need of assistance. My grandmother spent the last part of her life being well cared for by their nurses and staff. We enjoyed our time visiting her and taking advantage of the dining area and Lola's Café so she could be included in family gatherings. We are fortunate to have an organization of this quality in our area.

My wife needed the services of a Medical Care Facility, having to leave the hospital and not able to care for herself. We chose Pleasant View and could not have been more pleased. Their staff was very patient, thoughtful, caring of her needs. I have done business with Pleasant View promoting their services on SATA busses for a number of years. We could not have been happier with our personal experience. How lucky we are to have a facility that cares about their patients, and their community involvement.
